

RELIGIOUS FAITH IS
BASIS FOR MAKING
GOOD SAYS PASTOR

Religious Convictions Form
Foundation For Char-
acter Building.

REV. BEERS TALKS
TO THE YOUNG MEN

Clean Living And Reverence
For God's Word Fit Men
For Life's Battles.

Rev. G. A. Beers of the Baptist
church delivered the fifth sermon on
"Talks to Young Men," to a large
audience Sunday evening. The theme
was, "The Young Man on Trial and
Making Good." Joseph, Daniel and
his three companions were the char-
acters from who lives the lessons
were taken.

"Five fine fellows, not the only
ones, but among the best," said Rev.
Beers. "Others, as good, have lived
and others, putting up the same kind
of a fight and displaying the same
fine Christian integrity live living
now—Some in Salem. Such lives in-
spire moral courage, deeper conviction,
illustrate virile Christian man-
liness."

"These young men's religious prin-
ciples and strength were on trial. The
great foundation of character build-
ing is our religious convictions. All
life is largely influenced thereby. All
these young men were foreigners,
prisoners, slaves, yet, under most ad-
verse circumstances, remained faith-
ful to God and Godliness. We call it
"making good."

Clean Living Essential

Joseph, sold into bondage, forgot-
ten by those he benefited, kept close
to the God he had learned to love,
trust and serve. Then later, sur-
rounded by the social looseness of the
Egyptians, he had strength of char-
acter to maintain the ideals of Chris-
tian manliness and spurned his tempt-
ress.

"Where thousands chose 'the broad
road' of social vice that leads to
death, this young man persisted in
walking 'the narrow way' of clean
living. Back in the home, at mother's
knee, by father's bedside, under the
blessing of God, this young man was
prepared for these battles. Such
stalwartness is not of a moment's
growth or of mushroom texture. This
manly fibrous development was the
divine process working in this young
life."

"Joseph made good" for God and
in the big job of saving Egypt in the
famine period, God gave to his faith-
ful servant peculiar foresight and
executive ability, and in the success-
ful administration of the nation's af-
fairs, Joseph was highly honored.

"The bigger a man's business, the
greater his responsibilities, so much
greater his need of wisdom from on
high that his life product may min-
ister to the needs of his fellowmen.
Godly principles and righteous deal-
ing in business and industry are the
contribution Christian men should
make."

Man Is Forced To Accept Alimony

On orders from a Los Angeles court, Frederick I. Moon must accept
\$15 a month from his wife, Mrs. Ethel Lou Moon. If he refuses to take the
money, Moon will be locked up. He cannot "see" taking money from a
woman, but because he is ill, the court ordered him to take it. Mrs.
Moon told the court, in fighting the alimony, that "any man who would take
money from a woman ought to be tarred and feathered!" But she has
to pay, just the same.

Men Fail To Appear,
Bonds Are Forfeited

Lisbon, April 23.—When the case
of the state of Ohio vs. William
Hertz, Louis Mehlner and Conrad
Goldberg was called this morning
the defendants failed to respond.

Their cash bond of \$300 each was
declared forfeited by Clerk Burns.
The three men had been arrested at
Hanoverton last winter after they
had stripped the movable parts from
a stalled automobile and tried to
sell them to a garage man in Han-
overton.

One Killed, 13 Hurt
In Traffic Accidents

Cleveland, April 23.—One man was
killed and 13 others were injured in
traffic accidents Sunday and early to-
day in Cleveland and suburbs. John
Lemert died in a hospital of injuries
received when he walked in front of
an automobile late yesterday.

BOY DECAPITATED
AS CAR HITS AUTO

Two Men And Two Women
Are Injured In Head-on
Crash With Car.

East Liverpool, April 23.—(Spl.)—
Melvin Daugherty, 9, was killed and
his uncle and aunt, Mr. and Mrs.
Austin McCoy, and two friends, Mr.
and Mrs. Arthur Jackson were in-
jured early today, when the McCoy
automobile, returning from a pleas-
ure trip, swerved into the path of a
Steubenville, East Liverpool and
Beaver Valley Traction Co. car.

The Daugherty boy, hurled from
the automobile by the force of the
head-on collision, was thrown under
the wheels of the street car. He
was decapitated and the upper part
of his body severed.

The two women and Jackson, cut
and bruised, were removed to the
City hospital. McCoy, driver of the
automobile, which was demolished,
cut about the face.

Thieves Strip Auto
Ditched In Collision

Thieves working under the cover
of night stripped every movable part
from the wrecked automobile be-
longing to David Reese of Logtown
which has been in the ditch near
Hart's church south of Salem since
Friday night when it collided with a
car driven by Miss Ruth Prichard of
Lisbon.

Tires, lamps, steering wheel, un-
damaged wheels, radiator and even
the spark plugs have been taken
away. The thieves tried to get the
engine out of the car but failed be-
cause the frame was bent in such a
way that they could not move it.

Grass Fire Spreads,
Firemen Save Barn

The city fire department was sum-
moned for the fourth time shortly
after 5 p. m. Saturday to extinguish
a grass fire in the Newgarden st.
section. The fire had gained consid-
erable headway and had nearly re-
ached a barn when the fire men arrived.

When the alarm was sent into the
fire department the informant said
a house was burning, therefore the
siren whistle was blown. When the
firemen reached the scene they dis-
covered that nothing but a fence or
two and the growth of the field had
been burned.

Three More Measures
Under Donahey's Ban

Columbus, April 23.—Gov. Donahey
today announced the veto of three
more bills: The McNamara bill, re-
quiring that a policeman shall guard
the ballots in contested election
cases; the Davis bill, pro-
viding for four instead of three jail
matrons, and the McKay bill, per-
mitting the word "the" to be left off
the title of an incorporated concern.

Present Conditions Point To
Coming Of Christ He Says

"I am certain that the signs of the
times call for a new study of the
precious doctrine of the second com-
ing of Christ. Conditions all about
us point to the imminent coming of
Christ."

Thus spoke Rev. M. M. Coffin, pas-
tor of the First Friends church, Sun-
day evening when he preached the
second of a series of sermons on
"The Second Coming of Christ," using
as his theme, "The Signs of the
Times."

Rev. Mr. Coffin discussed the signs
in nature, signs in the financial and
political world and signs in human
progress and in morals and religion.

Speaking of the signs in nature
Mr. Coffin pointed out that the world's
great disasters have occurred in the
last 100 years.

Gathering.

With every member of their family
present but one, Rev. and Mrs. A. Z.
Thomas, aged 80 and 75 years re-
spectively, celebrated their 50th wed-
ding anniversary Sunday with a fam-
ily dinner at their home, East Fourth
st.

The table was beautifully decorated
in Ophelia roses and jonquills and a
decorative motif of gold was carried
out in the appointments. Large yel-
low roses made of candy and placed
at each end of the table added to its
loveliness. The home was artistical-
ly decorated in Easter lilies and roses.

A number of gifts in gold were re-
ceived by the couple and letters and
telegrams of congratulations. A
cablegram was received from their
son, Rev. M. Edwin Thomas, of Gun-
tur, India.

Elizabeth Ellen Smyser, Reedburg,
and Rev. A. Z. Thomas, were united
in marriage in Pittsburg April 22,
1873, by Rev. I. C. Pershing.

Rev. Mrs. Thomas, who is a retired
minister of the Lutheran church, and
his wife, have made their home in
Salem since 1911.

Mr. Thomas was educated at Wit-
tenberg college, Springfield. He was
in the active ministry for 40 years
and his charges were mostly in Ohio.
For 11 years he was pastor of the
church at New Springfield, near Colum-
biana. Other pastorates he held
in this section were Greenford and
the Berger church, Franklin Square,
Lisbon rd.

WOMAN AND GIRL
INJURED IN AUTO
CRASH AT BRIDGE

Traffic Confusion Causes
Serious Mishap Near
Columbiana.

Mrs. U. C. Wurzel and daughter of
New Brighton, Pa., were seriously
injured while Mr. Wurzel and a
young man whose name was not
learned escaped with slight bruises
when their auto crashed into another
car and then into a bridge on the
Columbiana road one mile east of
Washingtonville about 2:30 p. m.
Sunday.

Mrs. Wurzel sustained a fractured
leg and bruises and her daughter's
tongue was slit and her jaw broken.
Mr. Wurzel was thrown through the
windshield into a creek but his in-
juries were not serious.

The accident is said to have been
the result of traffic confusion. Wur-
zel was driving east and several cars
were approaching from the west as
he neared the concrete bridge. At
that moment another car passed and
cut in short in front of Wurzel's auto.
In attempting to avoid a collision
Wurzel swerved his car and it crash-
ed into another auto ahead and then
into the bridge.

Wurzel's machine was totally
wrecked. Passing motorists picked
up the injured people and took them
to a physician's office in Columbiana.
Later a Columbiana ambulance took
the women to the Beaver Falls hospi-
tal.

Fred Forney of East Palestine had
a narrow escape at 8:30 a. m. Sunday
when a fast train struck his automo-
bile at Bell's crossing as he was driv-
ing into Columbiana.

This was the same train that struck
Dr. Conrad's automobile killing the
doctor at Leetonia a short time ago.
Forney's automobile was completely
wrecked while Forney escaped with
but a few scratches on his face.

FERREN CHARGES
COUNTY DADS ARE
MORAL COWARDS

E. Palestine Mayor Sends
Hot Retort To County
Commissioners.

ChARGES THEY ARE
WITH WET ELEMENT

Wants Law-Abiding People
To Crush "Such Mis-
representatoin."

Mayor A. W. Ferren of East Pal-
estine, who has been trying to pre-
vent the release of prisoners sent to
the county jail on liquor charges, has
sent a letter to the county commis-
sioners in which he charges that they
are moral cowards and that they are
with the booze element.

Ferren paints a depressing picture
of the trouble that will come as a
direct result of releasing bootleg-
gers from jail to return to their il-
legal business. His letter, in answer
to a request from the county com-
missioners for a recommendation in
the Lawrence Calder case, follows:
To the County Commissioners
Columbiana County
Lisbon, Ohio.

Gentlemen:

Your letter of April 16, in regard to
the condition of Lawrence Calder,
who is confined in the county jail, has
been received.

First, I wish to ask you why you put
this case of Calder's (which is the
only case you have ever asked this
court to make a decision on) up to
me? Why do you keep this man Cal-
der (who as you say is a very sick
man) in prison, and let out of prison,
after a few days of service, strong,
healthy, buck negroes, and other
criminals, sent up from this court for
the violation of the federal laws and
the laws of the state of Ohio?

There are many other questions
that the law abiding and the law en-
forcement element of this county
would like to have you answer, but
your past actions have been such
that you seem to be a law unto your-
selves, to do as you please, in spite
of the fact that this is the banner dry
county in Ohio.

Calls Calder a Fake

The recommendation of Dr. Harris,
which is written on a carelessly torn
prescription blank and states that
Calder has the flu, doesn't mean any-
thing to me. I am not a physician
and I do not say that Dr. Harris is
wrong in his diagnosis of this case,
but this I do know and will prove if
necessary, that this man Calder is a
fake, and a bluffer and if you Dr.
Harris will not take the trouble to
write and get the information on file
in the State Department of Health
at Columbus, he will see what the
State Department thinks about the
condition of the fellow.

If Dr. Harris, under oath with the
approval of the State Department of
Health at Columbus, will state that
Calder has the tuberculosis, then send
him to a sanitarium.

It is better that one man (particu-
larly a man of Calder's reputation)

TURK ATROCITIES
Are Described By
Young Chaldean

Christians Burned, Women
And Babies Massacred
Says Speaker.

A large crowd was present at the
First Christian church Sunday night
when George Elias, Chaldean, told
much of the history and existing con-
ditions in his country due to the
cruelty of the Turkish people.

Chaldean, the birthplace of Abram
and early home of Christian believing
people, is the scene of many merciless
deeds on the part of the Turks whose
aim it is to kill off those of the Chris-
tian faith, Mr. Elias said. He told of
brutal incidents in which babies, chil-
dren of Christian parents, were stab-
bed to death and of how during
warfare women and children were
driven into the mountains for safety
where they starved to death.

Mr. Elias says he is appalled at the
difference between American people
and those of his native country in re-
gard to their church attitude. In
Chaldean, ancient Babylonian country,
the people suffer tortures in order
that they may attend church.

Many times they risked their lives
at the hands of the Turkish soldiers
when they attempted to enter their
churches and it was a common occur-
rence for the Turks to set fire to the
temples of worship after Christians
had assembled therein. Turkish sol-
diers would surround the building
then and take their lives if they were
fortunate enough to escape the flames.

While attending school in Chaldean
Elias with 29 other young men from
a total of 400 students succeeded in
escaping from Turkish soldiers during
a battle. They went into the moun-
tains where they remained six weeks
living on grass and herbs and such
food as was obtainable. When they
returned to their home city they found
bodies of their relatives lying in the
streets where they had been thrown
by the Turks.

George Elias' father came to Amer-
ica in 1914 and later died in this
country. He was a Persian rug mer-
chant and had come to America in
interest of his business. George came
to the states four years ago and
through the influence of an American
congressman and other influential
citizens with whom his father had
come in contact, Elias entered the
Mississippi Normal school. He has
accomplished a great deal in his short

PENNSY RAILROAD
WOULD PURCHASE
INTERURBAN LINES

Rumor Says Railroad Seeks
Y. & S. And Y. & O. For
Outlet To River.

According to word received here
from Youngstown, the Pennsylvania
railroad is reported to be dickering
with the Youngstown and Suburban
and the Youngstown and Ohio River
interurban lines for the purchase of
their entire systems with a view to
establishing direct steam rail trans-
portation between Youngstown and
the Ohio river.

Just how far the negotiations have
proceeded has not been learned, but
the information is said to have been
obtained from a source close to the
railroads.

If the plan is realized, the steam
line is expected to connect with the
Ohio river not far from East Liver-
pool.

Agitation for a Youngstown-Ohio
river railroad has come to the surface
many times, but plans under discus-
sion always involved the Youngstown
steel industry, which would benefit
greatly by a railroad to the river owned
by the industrial concerns.

According to information available
here, the Pennsylvania plans to use
the proposed road principally as a
coal route, connecting with the Penn-
sylvania line which serves coal mines
in West Virginia. The proposed line
would greatly shorten the haul from
the river on West Virginia coal, and
would also give an outlet to the Ohio
river for the shipment of steel pro-
ducts from Youngstown.

GREATEST NEED IS
FOR LEADERS OF
BOYS, SAYS DOAN

Cleveland Scout Executive
Speaks At Community
Rally Sunday.

MUSIC PROVIDED
BY ITALIAN BAND

What We Do For Children
Will Solve All Prob-
lems, Judge Says.

R. K. Doan, of Cleveland, and
Judge Lodge Riddle, Lisbon, were
the principal speakers at the second
annual Community rally Sunday af-
ternoon at the High school auditori-
um, which was well attended and
a very successful event. Rev. F. S.
Eastman, chairman of the public ac-
tivities of the Scout Council, pre-
sided at the meeting. Rev. George
Beers led the singing and Rev. J. P.
Harman led in repeating the Lord's
prayer.

The Italian band of 20 pieces
marched from their hall and gave
a concert preceding the rally.

Mr. Doan, Scout executive of
Cleveland, pointed out that the
greatest need today is for leaders—
men of sufficient earnestness and
principle who are big enough to try
to be examples to our boys.

"The boy is a natural imitator. He
delights to do what his father and
other men do. I tremble for the
coming generation because it ap-
pears to be more difficult to get men
to give their time and example. They
offer money, expecting that their
check will carry on all good work,"
he said.

"What tremendous responsibility
is upon you men and women of Sa-
lem to set a worthy example to the
young people of today."

Judge Riddle declared that child-
hood lies at the foundation of our
institutions, political, social, com-
mercial and industrial.

"The ultimate solution of the
problems which disturb America,"
he said, "lies in what we do for the
children of today."

"There is not a man, woman or
child in America today, whose daily
life is not in some manner affected
by the policies of the government.
For that reason, if for no other, we
should encourage young people to
take an interest in political affairs."

"Every American owes it to his
country to be concerned with
America's part in current events."
"Every one of us should devote
considerable time to the considera-
tion and study of economic and po-
litical affairs, locally as well as na-
tionally, so that we may vote in-
telligently upon all problems com-
ing before the nation for solution."

"If each generation of this world
had been so much worse than its
predecessor, as many people would
have you think they were, this world
would not be a fit place in which
to live, and God in His infinite wis-

Chicago Ball Park
Is Damaged By Bomb

Chicago, April 23.—Police today ex-
pressed the belief that disgruntled
labor leaders or baseball pool opera-
tors were responsible last night for
the bombing of the entrance to the
Chicago American league baseball
park.

Windows were shattered nearby by
the force of the explosion, which did
considerable damage to the entrance
of the park. Pickets lately have been
parading at the National league park,
wearing signs proclaiming the White
 Sox unfair to organized labor.

More food energy can be produced

from any other crop of the temperate
zone.

Automobile Murders

IN confinement for a term of not less than six years in a Pennsylvania penitentiary, a Philadelphia man of good family and high business standing is today reflecting upon what has come to him from using what some people regard as the inalienable right and personal liberty to get drunk. The unhappy man got drunk, drove at high speed through a safety zone and ran down two women and a child who had just alighted from a street car. The charge against him was murder in the second degree and he pleaded guilty. His reckless driving cost the lives of three people and ruined his own. It would have been a maddening miscarriage of justice if he had not been convicted and severely punished.

A similar crime was committed in Pittsfield, Mass., a few days ago when a man, said by his companion to have taken several drinks of moonshine, ran into a group of five persons waiting for a trolley car, killed two of them and injured the other three. This reckless driver was committed to jail without bail and it is to be hoped that Massachusetts will not fall behind Pennsylvania in the administration of justice.

These drunken, murderous drivers are a frightful menace to the public safety. Judge Bartlett of Detroit, whose somewhat spectacular methods of dealing with fast drivers have attracted considerable attention, says the speeder is the most dangerous individual in the world, and he is not far wrong. A few are found in every community and the time for leniency with them when they get into trouble, if it ever existed, is long past.

There were about 14,000 fatal automobile accidents in the United States last year, probably most of them easily avoidable and due to careless driving. We ought not to accept so appalling a death list as inevitable. A general policy of extreme severity on the part of the courts undoubtedly would cut it down.

While the intoxicated driver is the greatest menace, carelessness in motor traffic is not confined to him and because so many drivers take a chance, become "road hogs" and disregard the rights of other drivers and of pedestrians it is almost miraculous that more accidents do not result. Since the dummy policeman has been removed from the intersection of Garfield, Lincoln and McKinley aves, few drivers observe the rules of the road at that corner where traffic is so heavy. Fast driving through Main st. is another menace that should be curbed. A little law enforcement in this respect would be just as welcome as has been the fight on liquor law violators.

Grass Fires

THE Salem fire department answered nearly 30 fire alarms this month, most of which have been caused by grass fires. Other cities report a similar epidemic of grass fires, unprecedented in numbers and frequency. Salem has been fortunate in that no grass fires have spread to buildings or caused any considerable amount of damage, but danger lurks in every one of them and residents should take extra precaution to guard against the spread of brush or grass fires.

Speed required in answering fire alarms entails more or less danger to life and property. In returning from a fire, however, it is not necessary to drive the fire truck at a dangerous rate, as is done occasionally. The News would urge the firemen to exercise a little more caution on the return trip, for even though they have the right of way there is no need to invite danger to themselves and to others.

20 YEARS AGO

(Issue of April 23, 1903.)

Peach blossoms are engaged in a life and death struggle. There was a snow flurry today.
John Bouchach, employe of the Buckeye Engine Co., dropped a

heavy piece of iron on his right foot this morning. Several bones in the foot were broken.

Retail druggists from northern Columbiana county met Monday afternoon at the Greiner-Brainard hotel. An association was formed which will be known as the Northern Columbiana County Retail Druggist association. D. W. Bonnell, Salem, was elected president.

W. F. Crossley and A. I. Getz left this morning for Bellefontaine, where they were negotiating with the Commercial club of that place for a site and bonus for the Haldeman-Crossley Machine Co., which was recently organized.

Daniel Crumrine, McKinley ave., who has been quite ill, is improved this morning.

Fifteen prisoners were discharged from the Canton kirkhouse last Saturday. This leaves 57 inmates, the lowest number in two years.

Outside of Youngstown, the post-office at Calla pays the greatest revenue to Uncle Sam in Mahoning county.

ALL WOMEN VAMP MORE OR LESS SO ACTRESS BELIEVE

A fool there was, and he made his prayer—, but neither the prayer nor the fool nor the vamp would recognize one another if they saw themselves today on the screen.

The story of "A Fool There Was," which was probably the original "camp" story, has been made into a big production by William Fox. Estelle Taylor plays the principal role and Emmett J. Flynn, who made "A Connecticut Yankee" and "Monte Cristo" for Fox, directed the picture. Lewis Stone has the role of the fool and Irene Rich is the wife. There we have the inevitable and familiar triangle, which will be the attraction of the State theater Monday, Tuesday and Wednesday.

Miss Taylor, who plays the leading role endeavors to evolve the impres-

sion of a vamp who is typical of all up-to-date vamps. She has made her reformed to a degree; and while her character gives vent to tantrums and his of temperament, everything she does is measured mentally rather than physically.

"Vamps are natural, clever women," says Miss Taylor. "They are not limited to one social stratum. In fact, nearly all women 'vamp' a little now and then. Many wives are vamps with their own husbands. If they want a wrist watch they will often pursue what are vamping tactics in an effort to get it. If they want to take a trip to some fashionable resort, they'll 'vamp' for weeks before they set out."

Kisner Strong In Praising Tania

Declares It Ended Stomach Trouble And Built Him Up 20 Pounds

"My friends gaze at me in wonder when I tell them that Tania built me up twenty pounds and I don't have to ask odds of anyone when it comes to heavy work," is the characteristic statement of Elmer F. Kisner, 17th st., Cleveland, Ohio, well known transfer man.

"I was in mighty bad shape with stomach trouble and was so run-down I felt all tired out even before I got on the job in the morning. Gas bloated me up after eating and caused such painful pressure through my chest I could hardly get my breath, and other troubles like headache, dizzy spells and sleeplessness hobbled up to take the life out of me."

"Well, the Tania treatment delivered the goods for me. My digestion is running smoothly now, I eat heartily, sleep fine and take a keen delight in my work. Tania is king of the medicine field and I am glad to tell others about it."

Tania is for sale by all good druggists. Accept no substitute. Over 25 million bottles sold.

EDUCATION BOARD SUED BY FATHER

**Beloit Man Would Collect
For Taking His Chil-
dren To School.**

R. C. Boyd of Beloit seeks to collect \$480 from the Goshen township school board as the cost of transporting his children to school. He alleges in his petition in Mahoning county common pleas court that he lives 2 1/2 miles from the nearest school, but the school board failed and refused to provide transportation for his two children during 1931 and 1932.

He was compelled to furnish the transportation himself for 320 days, for which he charges at the rate of \$1.50 per day.

GIRL IS RESCUED WHEN HOME BURNS

East Palestine, April 23. — Her escape cut off by flames which filled the stairway, Martha, 4-year-old daughter of Mr. and Mrs. Robert C. McKnight of 612 East Main st., was rescued from a second floor room by neighbors who brought a ladder, when fire broke out in the McKnight home Saturday.

The house and most of its contents were destroyed with a loss of \$4,000, partially covered by insurance.

The girl was alone in the house when the fire broke out, supposedly from a short circuit in the electric wiring. Mrs. McKnight was in the yard in the rear of the house. When she re-entered the house she discovered the flames eating away the stairway that led to the second floor.

She called to her daughter but by the time the girl was aroused the flames were leaping high in the stairway, making escape by that route impossible. Mrs. McKnight then called for help to neighbors and they brought a ladder and rescued the girl from a window.

Alliance Man Heads Fairmount Trustees

Although Columbiana county has been without an official representative on the board of trustees of Fairmount Children's home for nearly four months, the commissioners have taken no definite steps to name a successor to the late George H. Owen of East Liverpool.

Mr. Owen died the latter part of last December. He was Columbiana county's spokesman on the two-county board and was president of the group at the time of his death.

Charles Y. Kay of Alliance has been named president of the board to fill the office vacated by the late Mr. Owen. Responsibility for naming a member to succeed Mr. Owen lies with the board of county commissioners.

MILTON COTTAGES MENAGED BY FIRE

Sheriff Paul E. Lyden of Youngstown, was called out late Friday night to lead a band of more than 50 farmers fighting a serious grass fire which threatened for a time to destroy the cottages in the summer colony at the southwest corner of Lake Milton.

Farmers for 10 miles around engaged in the battle, aided by a crew of workers employed by B. J. McCall, contractor building the Elks club house.

Rail fences were torn down to keep the fire from spreading along them to new fields. Wide furrows were

plowed around the groups of summer cottages to prevent the flames reaching them. Wet blankets and burlap sacks dipped in the lake were used in helping beat out the flames.

The grass and brush burned like tinder and when Lyden and Deputy Sheriff Callahan arrived the fire was only a short distance from several cottages.

Lyden organized the farmers into an efficient fire force and after more than three hours' work managed to beat out most of the blaze with wet blankets and burlap sacks, which had been dipped in the lake.

How to throw off that tired, listless feeling

GENERAL—tensions ago, our foremothers made a "tea" every Spring from certain herbs and barks to purify the blood. Likewise, since 1826 such herbs and barks have been carefully selected, proportioned scientifically and prepared for that great blood purifier—S. S. S. To serve beneficially from one generation to another successfully is a guarantee of its effectiveness. The way we live and eat, we can't step from Winter into Spring with-

out purifying the blood; unless we choose to suffer depression, feel tired out and have pimples and boils. It is so easy to give nature a little help, and the best sure way is to start with S. S. S. Stronger and more useful nerves depend on blood-power. S. S. S. will give you that greater endurance, energy, strength, and a more youthful appearance.

Mr. J. M. Mar, Los Angeles, Calif., writes: "Overwork occasioned a complaint which consisted of a tired feeling and pains in the back, that finally exhausted all my strength. A friend advised me to take S. S. S. and after taking only several bottles I was entirely relieved."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

MISSIONARY TELLS ABOUT HER WORK

Miss Thomas Says Greatest Need Is For Doctors And Nurses.

Miss Jessie Thomas was the speaker at a meeting of the Luther League at Holy Trinity English Lutheran church Sunday night. Her topic for discussion was, "Medical Missions," and having just returned from service in India, Miss Thomas was able to give the young people much first hand information regarding missionary work. She displayed pictures of many missionaries, especially those doing medical work.

Miss Thomas pointed out to the young people that the greatest need in foreign fields is for more doctors and nurses. Those already in the field are overworked and not able to minister to their increasing charges. Miss Thomas stated that the greater number of the medical missionaries are women and that there are not nearly sufficient men physicians in the missionary service.

Miss Thomas has promised to speak at a meeting of the Holy Trinity congregation at an early date. She will give a number of talks during her one year leave of absence in Salem and numerous other American cities.

RELIGIOUS FAITH

(Continued from first page.)

window or we'll shut you up with the lions" formed the thought for the second part of the pastor's talk on "The young man on trial as regards his loyalty to God's Commands."

Reverence For God's Word The test came to the three Hebrew youths when they were commanded to accept heathen polluted diet and because of God's commands and their loyalty to that law they refused to eat and drink the king's food.

Their captors changed their names, but they could not change their principles. They respectfully asked for a fair chance to prove their position, and "made good."

"They knew what was good for them; saw what wrought evil in others and stuck to the good old way. —Another win for home training and reverence for God's word. Their systems were not full of today inflict upon theirs. They had no use for the Turkish baths, steaming and various other porcesses necessary to those who defile their bodies with modern heathen diet.

"Clear conceptions of clean living and strength of character sufficient to enforce the many edict will help any young man to make good, fit him to pass a rigid inspection for life's responsibilities.

"Faith against fire" was the third test. The enemy is not through tempting; threatening or seeking to thwart Christian integrity. God is not through permitting the test or helping his faithful ones prove steadfast. When called upon to bow down to the image of the king had set up, these three youths refused. When face to face with the king and given another chance they stood their ground rather than break the commandment, "Thou shalt not bow down to any image."

"With the king's edict before them, the furnace behind, the multitude surrounding, the whole atmosphere charged with antagonism, these young men stood up for God.

The Testing Time "Many, in the testing time, ask: What shall I do? 'do you think it would be wrong?' etc." These Godly fellows knew their minds. Only one thing to do and that to "make good" by being true to God. They believed if they were true to God, God would be true to them. They did not fear death, they did fear to be unfaithful.

Wednesday evening's topic will be, "The Young Man and His Pals. Who's Your Boy's Buddy? Do you know?" Next Sunday evening will be the closing message, of the series on "The Young Man Victorious."

GREATEST NEED

(Continued from first page.)

dom and mercy would have wiped out the map long ago.

"I think the world is getting better, children on the average are living better, brighter, happier and happier lives than ever before.

"Yes there is more crime than there was. There are more people than there were. More children get in trouble than in the past, but there are more children than there were.

"Ideals change, what formerly was thought fitting in many cases will not now be tolerated.

Pitfalls Are Many "The pitfalls of life are manifold what they were, children must run more difficult gauntlets than they formerly did.

"The boy who lived on a farm with the nearest neighbor a mile away, who very seldom got away from home, did not have the temptations, and pitfalls in his path that the boy in the cities and villages today has, or even the boy on the farm with the modern methods of getting about.

"But somehow, it seems, when the difficulties are greater, we are generally provided with strength and better facilities to combat them.

"So, with the complexity of society, there has grown up social organizations whose objects are to be helpful to children. You have here in Salem, the finest men and women of your city, ready, anxious and willing to do anything for the childhood of the city.

The state has provided a juvenile court in every county, created for the purpose of being helpful to children.

"It is of the most profound significance to our country that crime has its roots deeply empianted in childhood.

"The great burden of disease, hunger, neglect abuse and delinquency now borne by children, later will be borne by society.

"If this burden can be relieved, if it can be partly lifted, it will have a good effect in after life, and society will be safer for it.

"The adult is what the child was, whoever can control the physical, mental and moral life of a child, can thereby direct his activities as an adult.

"Childhood is the golden period for the prevention of crime."

Forest Fires Raze Scores Of Buildings

Washington, April 23.—Several thousand acres of valuable timberland in Prince George's and Montgomery counties, Maryland, a few miles from Washington, have been laid waste by forest fires which started Sunday and which were still raging this morning.

Scores of houses, barns and other buildings in the path of the flames, including those on the government's demonstration farm near Beltsville, have been destroyed, according to advices reaching here. No casualties have been reported.

shall be kept locked up, than to have him turned loose to go into the booze business again (which he swears he will do) to send to the gutter and to hell, the young men and women of our country and to have the county keep and feed the families that he would help put down and out with his booze.

You fellows don't seem to look at the thing from the above angle, that by the letting of these fellows out of prison to go again into the business, you will in the end be feeding families and keeping the children in the County home at a far larger expense than you are now having, and you also know that these fellows you are turning loose and the ones you have already turned loose are right back in the business again.

Moral Cowards My personal opinion is that you are moral cowards, and your past actions justify the law enforcement element of Columbiana county in saying and believing that you are with the booze element, and that you do not care a rap whether Columbiana county is overrun with bootleggers or not, and if the law abiding and law enforcing people of Columbiana county do not rise in their might and crush such misrepresentation as you have proved yourselves to be, it will certainly be a blot and blight on the good name of the county that will take years to wipe out.

Think over it, three supposed to be intelligent men, elected by the people of the driest county in the state, turning loose criminals, you more, traitors to the constitution of the United States, on the flimsy excuse of too expensive to feed them, turning them loose to reenter the booze selling business, to wreck my home, even your home and many other homes.

The families of these homes, the children, all suffer from this business, and you will sooner or later (if you continue to turn these criminals loose) have entire families to support, either through the various

township trustees or in the County homes.

In regard to Calder I have nothing to recommend.

Very truly,

Lisbon Notes

Fire Threatens Garage
Fire was discovered Saturday night in a rubbish pile near the Lisbon city hall and it required considerable water and hard work to put out the blaze. A repair shop maintained by the Overland Nold company was threatened by the blaze for a time but prompt measures prevented any damage.

Rob Smoke House
John Crowell who lives west of Lisbon, reported to the police Saturday that some one had visited his smoke house Friday night and made away with 30 fine hams, shoulders and sides that had just been made ready by smoking for summer use. Mr. Crowell was not awakened by the robbers and has no idea when the visit occurred. Auto tracks showed that the robbers had a large car or truck.

Lodge To Attend Church
Concordia lodge, I. O. O. F., has planned to attend the services at the United Presbyterian church on next Sunday night in a body. The lodge men accompanied by the Lebekah lodge will assemble at their hall in South Market st and march to the church where seats will be reserved for them. Rev. P. E. Carson, pastor of the church, has prepared a special sermon and the choir will give special music.

He square, to direct autoists to the turns to take to reach Salem and East Liverpool have passed the buck to the county commissioners. They state that when the intersection of Market st and Lincoln Way was enlarged, wires were placed for the illumination of such a stand and that it was to be furnished by the commissioners. With the opening of spring auto touring the need for the signboards is suddenly brought into prominence and the commissioners are now asked to make good.

STATE

A RAG, A BONE AND A HANK OF HAIR

One of the most famous paintings in the world is "The Vampire" by Sir Philip Burne-Jones. You see a man endowed by nature with strength, beauty, charm.

He might have become a Keats and written "Endymion." He might have become a John Wesley and led a great religious reformation.

He might have been a Sir Philip Burne-Jones.

He is none of these or never will be.

Only a dead man that tomorrow they will prepare for a nameless grave.

On his breast a red mark. Above him a voluptuous woman slowly rising off his body. In her half shut eyes a strange light, half triumph, half contempt—THE VAMPIRE.

A vampire is an animal that lives by sucking the blood of its victims.

Because of this picture we have come to speak of a certain type of woman as a vampire.

Not that woman is wholly to blame.

Man, too.

Think—what is the character of a vampire?

A woman who gets something for nothing—

A woman who exchanges fine words, flattery.

Carresses, promises for real life—in return she gets money, ease, dominion, power.

That's the Vampire in "A Fool There Was."

The dramatic screen sensation at the State theater.

The most talked of motion picture of the year.
